Jose Favian Reyes

Web Developer

Hi, I'm Jose Reyes, a Web Developer and Designer that specializes in creating responsive and visually appealing websites. With expertise of HTML, CSS, JavaScript, and frameworks, I deliver a user friendly solution that blend functionality with unique design.

TECHNICAL SKILLS

- * Languages: HTML, CSS, Javascript
- * Frameworks: Vue, React, Node, Angular, Bootstrap, Express
- * Tools and Platforms: Github, VSC, Netlify, Wordpress, Stackblitz
- * Databases: MongoDB, MySQL

EDUCATION

Holy Angel University

2022 - 2026

Bachelors in Information Technology. Major in Web Development

MAJOR PROJECTS

2022-2026

- * Developed and deployed Tokyo Table, a MEVN stack-based restaurant web application with features like homepage design, menu search, and CRUD functionalities.
- * Developed a graphic design for our business about frozen products, as well for our upcoming businesses.
- * Designed a Library Management System to enhance book cataloging and lending processes.
